

Kod szkolenia: **PC350**

Tytuł szkolenia: **Performance Center 11.5 Administration**

Dni: 2

Opis:

This course introduces you to the tasks that are performed by Performance Center (PC) system administrators, project managers, and Performance leads. This course describes how to set up and maintain the Administration site, set up users, and manage PC resources. This course uses a workshop format with the emphasis on the hands-on lab exercises using version 11.5 of the Performance Center application.

Software Version 11.5
