

Kod szkolenia: **OMU350**

Tytuł szkolenia: **Operations Manager 9.x on UNIX / Linux Advanced Administration**

Dni: 5

Opis:

This 5-day instructor-led course focuses on advanced administration topics to effectively monitor, control, and report on the health and performance of the IT environment using HP Operations Manager on Linux or HP Operations Manager on UNIX. While the course is conducted using the Linux platform version of Operations Manager, the concepts and configurations covered apply also to the UNIX platform version as well. The course reinforces concepts with extensive hands-on lab exercises. These hands-on lab exercises use version 9.10 of the software.

This course is designed for administrators of the Operations Manager 9.x on UNIX/Linux product.

Versions 9.0, 9.01, & 9.10
