

Kod szkolenia: **AM350**

Tytuł szkolenia: **Asset Manager 9.x Software: Tailoring**

Dni: 5

Opis:

This five-day, instructor-led training is designed to provide the tailoring skills and knowledge needed to implement and administer HP Asset Manager, navigate Asset Manager's core tables, and tailor and customize tables, screens, and pages for both the Web client and the Windows client. These skills assist administrators in their ability to implement an asset management solution in an enterprise-level business or large organization. The class consists of approximately 50% lecture and 50% hands-on lab exercises.

This course is designed for users who are proficient in Asset Manager.

Software Version 9.4
