

Kod szkolenia: **NNMI120**

Tytuł szkolenia: **Network Node Manager i Software 9.x Essentials**

Dni: 5

## Opis:

This course is designed for those Network and/or System administrators tasked with the installation, configuration, and maintenance of the Network Node Manager i Software (NNMi) product. This course teaches the skills needed to successfully implement the product to manage small, medium, or large networked enterprises. The course includes training on the NNM i Smart Plug-In (NNM iSPI) Performance for Metrics Software.

This course is designed for administrators of the NNMi software 9.x application.

The hands-on lab exercises in this course use NNMi software version 9.2.

Version 9.0 - 9.2
